# Jordan Lee

**FRONTEND ENGINEER**

jordan.lee@example.test | +1 (555) 010-2026 | Portfolio: example.test

## PROFESSIONAL SUMMARY

Frontend engineer focused on accessible, responsive web products and polished user experiences. Experienced translating product requirements into reliable interfaces and collaborating across design and API teams.

## CORE SKILLS

React | JavaScript | TypeScript | HTML | CSS | Node.js | REST API | Git

## PROFESSIONAL EXPERIENCE

**Frontend Engineer | Northstar Studio | 2023 - 2025**

Built reusable React and TypeScript components for a customer portal used by 18,000 monthly users. Improved page interaction time by 32% through code splitting and performance profiling. Partnered with design to deliver accessible HTML and CSS patterns.

**Web Development Intern | Brightside Labs | 2022 - 2023**

Created JavaScript dashboards and integrated REST API endpoints. Added component tests and documented setup workflows for a six-person product team.

## SELECTED PROJECT

Open-source event planner | React, Node.js, JavaScript
Developed responsive event discovery and registration flows with searchable listings and clear keyboard navigation.

## EDUCATION

B.Tech in Computer Science | Lakeside Institute of Technology | 2022
Relevant study: Web Engineering, Human-Computer Interaction, Data Structures
